

3H Communication Systems

ISO 9001 Certified

3H Designing and Manufacturing Customer Filter Solutions for Satellite Communications and 5G Networks

Offering the best electrical performance, including Low Insertion Loss, High Power and Low PIM solutions under the most stringent conditions in the smallest package

3H Communication Systems Offers:

- Fast engineering solutions with plots, outlines and quotes. Typical response time is 24 to 48 hours
- Filter products from DC to 50 GHz
- High Power, Low PIM solutions
- Best performance in the smallest packages
- 3H products are designed to meet Mil-Std-202, IP63 and IP67
